

TABLETOP TACTICS 101

Opponent

Establish firepower superiority (who has it)

Establish who are the big hitters (kill or neutralise)

Have a plan on how to beat them

You

Prepare surprises but have back-ups.

Assign match-ups/fodder

Don't be afraid to use the same force twice (avoid the arms race)

Battlefield

Establish fire lanes (and safe spots)

Examine you deployment contingencies (what if that dies, what if the enemy pops up *here*)

Set your battlefield objectives and timetable.

In action

Stick to the plan!

Don't be afraid to gamble

Be prepared for set-backs

Afterwards

Talk to your opponent

Learn from experiences

Change forces gradually

Army types

The spear

Sword and shield

Two blades
